## Goals of 5-Year Plan

**Goal 1:** The district's technology plan seeks to create and maintain a technology-rich educational environment by implementing a 1:1 initiative over the coming years. Students will demonstrate creative thinking, construct knowledge, and develop innovative products and processes using technology.

**Goal 2:** The district will continue to provide training and mentoring for students that lead to high-skill, high-wage, and high-demand career opportunities, while matching CTE program offerings with local workforce demands.

**Goal 3:** All stakeholders will work to improve the district's average ACT composite score for all populations, utilizing the Pareto Plan and Shmoop's Test Prep for College Readiness programs.

**Goal 4:** The district will create a "College Going Culture" by increasing student knowledge of post-secondary options, financial aid possibilities, and career options. Students will be nurtured in the confidence to aspire to a college career and the resilience to overcome challenges along the way.

**Goal 5:** Students will be provided with an environment that meets their physical, social, and emotional needs, by offering a learning environment and the tools necessary for all students to be academically successful.

### Accolades for Marshall County Schools

- ◆ At the 2016 Superintendents' Fall Conference, Commissioner McQueen highlighted Marshall County for significant one-year gains in 3rd grade ELA proficiency.
- ◆ MCSS scored a level 5 in 2015 on Tennessee Value Added Assessment Scores (TVAAS) for Literacy, Numeracy, Literacy/Numeracy combined and Overall. This high score has a positive effect on individual teacher evaluation scores.
- ◆ Every school has a fully functioning Professional Learning Community for all assessed subjects. These professionals have a tremendous amount of input into pacing guides, writing "I can" statements and formulating Common Formative Assessments.
- ◆ MCSS offers an annual Leadership Academy for educators who wish to explore administrative positions.
